

National Economic Association Call for Papers: Allied Social Science Association Meetings, San Francisco, California, January 2009.

Dear members and friends of the NEA,

The submission deadline for the 2009 program for the ASSA meetings in San Francisco is April 30, 2008, not the end of February as previously advertised. The NEA welcomes submissions in all areas of economics.

If you would like to propose a session, please do so via email. Please send all submissions to pbhenry@stanford.edu with the subject line "NEA-ASSA 2009." A complete submission includes the following: (1) abstracts, (2) authors' affiliations and contact information, (3) discussants' affiliations and contact information. I am happy to consider single paper submissions for possible inclusion in a session. Single-paper submissions should also include the name of a discussant.

I apologize for the confusion over the submission deadline and look forward to reading through your session proposals.

With All Best Wishes,

Peter Henry
NEA President-Elect 2008-09
